Thanks, Jill.

Hi Mike,

Is there a staff I can work with for the Leavenworth NPDES permit consultation? Because this consultation is under litigation, I would like to have a conversation with the permit writer on what our next steps are and have a plan for coordination.

Thanks,
Emi

Emi,

Thanks for reaching out about the LNFH work that the EPA is doing on the NPDES permit. The Draft Permit is currently out for public comment, until February 3rd. Michael Lidgard is the manager of the NPDES Unit in EPA Region 10 and will be assigning completion of the NPDES Permit to another permit writer, as I have moved on to another position in the Region. I wanted to make sure to put you and Mike in touch. Thanks again!

Subject: Leavenworth National Fish Hatchery

Hi Jill,

I am the biologist from NOAA Fisheries working on the Leavenworth National Fish Hatchery consultation for FWS and BOR. Dale Bambrick has told me that the EPA has also requested a consultation in issuing a NPDES permit for this hatchery and wanted to introduce myself.

My contact information is below, in the signature line. Please feel free to contact me for any questions you may have.

Thank you,

Emi
